THE ORIGIN OF KANG!

The man called Kang the Conqueror has been a pharaoh, a villain, a warlord of the space ways and even, on rare occasions, a hero. Across all timelines, one fact seemed absolute: Time means nothing to Kang the Conqueror.

But the truth is more complex. Kang is caught in an endless cycle of creation and destruction dictated by time and previously unseen by any but the Conqueror himself. A cycle that could finally explain the enigma that is Kang. And a cycle that begins and ends with an old and broken Kang sending his younger self down a dark path…

An Eternal has been murdered by one of their own, and this may not be the last such killing. But Sersi's number one suspect is…Thena?!
